OUT ON THE LIMB

with George Vierhus

ONE OF THE MOST outstanding examples of what can be done in the way of improving the appearance of an area was demonstrated recently when a group of citizens, armed with enthusiasm and shovels, planted on one Saturday morning, 103 trees along Los Gatos Creek.

In a four-hour sessions this volunteer "army" placed the trees and then cleared the banks of the heavy growth of weeds.

It was the second year that such an activity has taken place. Despite the fact that the "army" both times numbered less than 100, a tremendous improvement was made in Campbell's eye-sore which has the natural potential of being one of the most scenic spots in the area.

In two years more than 300 trees have been planted along the banks. In a few years hence, when they have had a chance to spread their limbs, we betcha you will hardly know the area.

-o-

AT THE EVALUATION meeting held by the committee in charge of the tree planting after this year's event, it was suggested that next year's project should extend across Campbell Ave. on the north and include the building of the long-desired rock sign spelling out "CAMPBELL" on the bank which would be visible from the freeway.

Ken Hickman, superintendent of public works, was appointed to explore the possibilities and rough-out plans for this ambitious project which is too big for one service club to tackle. Ken will also work out details for the building of hiking and bike trails in conjunction with the county along the creek.

Admittedly a great deal of work has been done with less than a 100 volunteers during these two years.

But there is a lot more to do and it is hoped that when next year's communitywide project comes along, the response of the citizenry will be greater.

We can think of no other communitywide project that could possibly give the residents themselves as much satisfaction as this "do-it-yourself" operation and, especially where the results would be so apparent to so many.

We are hopeful that the two communitywide efforts, for a total of only eight hours, will act as a stimulant and that when next year's event is scheduled, the manpower response will be overwhelming.

O.K. So we are being overly optimistic.

But even the most apathetic and cynical resident will have to admit that it is a good idea.

In case you have missed our point, we considered it a good idea also.

Or had you already guessed that?

Forum takes place at Campbell High

Legislators appear here on Friday

Campbell residents this Friday night (May 19) will have the opportunity of learning about the issues now before the state legislature directly from the state legislators who represent this area.

The unique open legislative forum, the first ever conducted in this community, will be held in the Campbell High auditorium beginning at 7:30 p.m.

The event is sponsored by the Campbell Chamber of Commerce. All four of the state legislators from this area, State Senators Al Alquist, Clark L. Bradley and Assemblymen Earle Crandall and John Vasconcellos, have reported they will be present.

Arland Hatfield, a director of the C. of C. and chairman of the congressional action committee, will conduct the meeting. In the absence of Mayor Ed Rogers, Vice-Mayor Bill Smeed will welcome the legislators on behalf of the city George Vierhus, president of the C. of C. will extend greetings from the Chamber of Commerce.

The public is invited to attend and civic leaders, in urging a good attendance, emphasize the opportunity for the local citizenry to get answers on some of the pressing issues now before the state legislature.

All four of the legislators present will first discuss certain phases of legislative activity in which they are personally involved. Following their reports, the meeting will be opened up to questions from the audience.

Hatfield explains that the audience will be asked to limit their questions to written ones.

Paper will be passed out at the doors as the crowd enters. The questions will later be collected by committee members and directed to the proper legislator.

After the question-and-answer period, the audience will adjourn to the music room where dessert and coffee will be served and the people will have the chance to meet and chat with the state legislators in person.

High school and junior college students are especially invited to the forum, committee members point out, so that they may gain a better knowledge of the legislative processes.

Chamber of Commerce officials are hoping for a good response

Campbell could be on-the-rocks

If the suggestion made at the meeting of the Citizens Committee for City Beautification after the tree-planting project on May 6 is carried out, Los Gatos Creek bank will have the name CAMPBELL spelled out in rocks next year.

The west bank of the creek facing the freeway, north of Campbell Ave. would make an ideal location for such a proposed sign, according to the group.

Kenneth Hickman, superintendent of public works, was named to draft plans for such a sign and submit them to the committee when completed.

It was pointed out that next year's project for the creek could concentrate on putting the sign in place by the volunteer citizen workers who have planted more than 300 trees along the creek south of Campbell Ave. in the past two years.

Real "coming-out" party

ENDING A LONG TRIP--A Campbell High senior girl is given a helping hand by two of her team members as she finished the "human hurdle" race (see page 12) held last Friday.

The event was part of the annual "Rally Day" held on the high school athletic field in which the four classes and faculty competed in tests of skill (?) and athletic prowess (?).

Other highlights included tug-of-war, pyramid building, sack race, little red wagon race, egg toss, balloon race, etc.

The traditional event, directed by Rod MacDermott, of the faculty, provided an enthusiastic outlet for both teachers and students. (More pictures on page 12).

Miniature golf course wins okay of planners

It took two motions by the Planning Commission Monday night before approval was granted for a 18-hole miniature golf course to be located at 706 Nido Dr. at the southerly end of the Campbell Plaza Shopping Center.

The commissioners were concerned because the applicant, William Evans, had provided for only six parking spaces in his plans and Dick Hogan, planning director, had recommended at least one space per hole.

Evans told the commission that the golf course planned was different than any others in the area. It will be smaller and will cater to the small fry and thus parking spaces were not deemed so important as in courses getting the adult trade.

However, a number of the commissioners pointed out that the parents undoubtedly would bring their youngsters and thus more spaces would be needed.

John Pursley, one of the developers of the Campbell Plaza Shopping Center, and the owner of the golf course property, explained that the center had provided more than enough parking and spaces would be available there, a distance of about 200-feet from the golf area.

He also said that to provide more spaces on land immediately adjacent to the golf course (as suggested by some of the commissioners) might interfere with future expansion plans for the entire center.

The first motion to approve the miniature golf course plans with the provision that land adjacent to the course be developed for park-

Two city projects before Council exceed $250,000

Two improvement projects that will probably total in excess of $250,000 when completed are scheduled to move off the drawing board to receive official City Council action next Monday night, May 22.

The projects involve (1) the widening and improvement of the east side of Winchester Blvd. from Sanford to the city limits for which the overall cost is estimated at approximately $140,000 and (2) construction of the long-awaited shop building at the city's corporation yard estimated at $89,500.

Bids for the construction phase of the Winchester Blvd. street project will be submitted to the City Council Monday when the contract is expected to be awarded.

The construction part of the Winchester widening, Bill Wren, director of public works, estimates, should be in the neighborhood of $90,000. He points out, however, that land acquisition costs, plus utility costs and improved signalization at Budd and Winchester will raise the total cost to the $140,000 figure.

The City Council recently approved the purchase of the entire Ken Norton property at Winchester and Alice for $21,000. Approximately 20-feet was needed in depth of this property for widening purposes which left a sub-standard lot limited in its use.

CORPORATION YARD

The councilmen indicated, after a study session last Monday night on the plans for the corporation yard, that they may next Monday authorize the calling for bids for the shop building. But they also left the way open to modify the city's anticipated financial outlay.

The improvement of the corporation yard, which is eventually expected to cost approximately $140,000, has been committed on a "pay-as-you-go"

There was a lot of buzzing around

KEEPER-OF-THE BEES---Pedestrians on the Campbell sidewalks gave wide berth last Wednesday to some uninvited visitors that had swarmed into town. The visitors had "assembled" near the City Barber Shop on one of the trees recently placed there by the Rotary Club as pictured above.

Jim Elam, (above) of the city's public works department, and the city's bee expert, directed the migrant swarm of bees into a make-shift hive. He then carted it and the bees inside off to the corporation yard.

A bee-raiser in the area later picked it up and the bees had a nice new home.

Interested spectators (above) to the operation were Robert and Donald Hazelton, sons of Mr. and Mrs. Clyde Hazelton, of 264 Everett. Although Robert received about 10 stings, he had no ill effects. Not so fortunate was another brother, Michael (not pictured) who had to receive emergency treatment when a sting swelled up "like a balloon".

Moreland School District to vote

Voters in the Moreland School District next Tuesday, May 23 will hold vote on a proposed 54-cent tax increase, the first in 10 years.

The District is requesting the current authorization of $2.10 be increased to $2.64 for five years, beginning July 1, 1967.

Cost of operating the 16-school district, first rural school district in the state when it was established in 1851, has risen from $270 per pupil in 1956 to $436 according to district figures.

School officials say the yearly cost in the district is below the county per pupil average of $479 annually.

During the past 10 years the educational program has expanded to include additional services, including enlarged curriculum in mathematics, science and foreign language, special programs for retarded, physically handicapped children, departmentalized junior high schools, libraries in every school and reduction in class size.

Plans next year call for increased services to handicapped children, introduction of French in the junior high schools and a new exploratory science program in the kinder-garten-through-sixth grade schools.

Editorial

Getting the answers

While the 64 interested and dedicated citizens who make up the Citizens Advisory Committee are studying this city's proposed capital improvement program, The Campbell Press has deliberately refrained from making suggestions or recommendations as to what phase or phases of the proposed program should be given the top priorities.

It is not because we are unaware of the needs listed in the capital improvement program and it is not because we are unfamiliar with the proposals that The Press has taken this approach.

And most assuredly it is not because we have no ideas on the subject or are uninterested in this community's future.

Your editor takes second place to no one as a "believer" in his community's eventual place in the sun. And we have the editorials and the scars to prove it.

But we also believe firmly in the premise that this community is comprised of thousands of individual citizens with varying opinions as to how they want their city to progress. And it is what THEY want that is important.

They are the ones who eventually must decide this city's future and they are the ones who must pick up the tab.

Without the involvement, the interest and the support of "Mr. and Mrs. John Doe", the members of the official city family will be thwarted in their attempts to move ahead.

Therefore, we have strongly advocated the necessity of involving the citizens in any suggested improvement programs for the city that must of necessity be financed by general improvement bonds.

This has been done through the formation of the Citizens Advisory Committee on which every area of this community is represented.

This committee has been broken up into various sub-committees whose functions are to pinpoint specific areas as outlined in the capital improvement program. These include finance, streets, public facilities and streets.

As far as can be determined, this is the first organized attempt ever made in this community to involve the citizens in such a manner, with special emphasis on the fact that every area of the community is represented.

In no way is there any conflict of interest or cross-purposes between the Citizens Advisory Committee and the existing commissions and the City Council.

The capital improvement program that the citizens group is now studying is an official city document approved by both the City Council and Planning Commission after months of research by the city staff.

The citizens committee is expected to make a recommendation after the study of the capital improvement program is completed as to the priorities and size of the bond issue.

There is no planning commissioner or city councilman on the Citizens Advisory Committee.

This was done deliberately. Obviously the councilmen and the commissioners are already "involved" or they wouldm't be in their official capacities.

And, in addition, the capital improvement program has already been approved by both bodies.

This is not to say there has been no guidance from the city administration while the citizens groups are researching, exploring and studying.

City personnel are working closely with the citizen groups. All material concerning the program has been made available to the committee.

The city's planning consultant, now undertaking the '701' master plan study for the city, is cooperating as is the representative from Schwabacher & Co., the firm that compiled the comprehensive financial report relating to funding the capital improvement program.

But it must be emphasized again and again that the plans and programs cannot be put into effect unless the citizens of the community understand them and endorse them via the ballot box.

Plans are necessary. But they must be implemented by the people.

That is why we have so heartily endorsed the approach the City Council has used in this instance by originally appointing a 14-member executive board, representing 12 geographical areas of the city, and then allowing this board to expand its membership to the 64 interested citizens who now make up the Citizens Advisory Committee.

But to get back to the point we made originally in this editorial.

This paper is not suggesting "priorities" or will it make a case for one particular phase of the proposed capital improvement program.

Although we probably have more at stake in this community than almost any individual on the committee, we have confidence in their judgment.

We will be satisfied to take their recommendations, for we know from first hand observation that in no way will their judgment be of the "snap" variety.

The committee members are working hard. They are sincerely trying to come up with the right answers. They are exploring facets that we didn't know existed.

They are intelligent and they are "believers".

We submit that the answers the committee will eventually include in the recommendations will be sound ones based on an intensive study of the entire situation.

The committee by its diligent work study and research done on a collective basis will be in a far better position to recommend a logical and practical capital improvement program than any group or individual in this community.

And that, friends, includes your editor.

gram for any community.

While it is possible that trees at times may be in the way of "progress", we have yet to hear of a community that has too many trees.

Or have we ever heard of a "tree-hater". If someone has such thoughts they are seldom expressed in public.

Yet there are only a few people who can name the proper name of many of the popular trees around.

A recent example of that was the breakdown Carl Kuhn, administrative aide to City Manager Bob Stephens, gave us on the 103 trees that were planted this year along the creek.

Carl was the coordinator of the project and had the official tree list.

For your information, 30 Monterey Pines; 26 Eucalyptus; 12 Carobs and nine Liquid Ambers were planted...

And, in addition, 25 Taugaf Occidentalif Tyrimidalif....

There surely must be a common name for this variety. But neither Carl nor we know it and neither one of us made any attempt to even pronounce it.

In a case like this, you just hand the nurseryman a piece of paper with the name spelled out. If you can find a big enough piece of paper, that is.

But it still is a good-looking tree even if it is top heavy as far as its proper name is concerned.

Coordinating the tree-planting project was a good experience for Kuhn as an aide to Bob in the city manager's office. It helped to give Carl some idea how versatile a city manager has to be.

Incidentally, Carl came to Campbell from the City of Glendale's planning department and was picked over 12 applicants for the job here.

He has a B.A. degree from Aurora College, Ill. in business administration and finance and has done work towards his masters in public administration at USC.

We also learned recently that Carl during his college years wrote a financial column entitled, "Youth Speaks on Wall Street", for the Copley newspapers.

We may call on him to write such a column now and then for us.

It will be interesting to see if his philosophy has changed on that subject now that he is involved in city administration.

REP. CHARLIE GUBSER, as a high ranking member of the House Armed Services Committee, recently toured Vietnam.

He sent The Press a picture taken in Vietnam of him and Specialist John Bowley, of 973 Connie Dr., Campbell, which appeared in last week's issue.

The photo, you might have noticed, did not flatter Charlie, who is not the most photogenic guy around to start with.

But, if some skeptics think we ran that unflattering picture of Charlie because we had become disillusioned with our long-time friend and were wavering in our support, they can forget it.

Here is the congressman's covering letter to us:

"Dear George:

This isn't a very good picture of me, but it is of Specialist Bowley. Since he's one of your constituents, I guess the right guy took the picture.

"He is a fine young man and I was impressed with the fact that he is anxious to do his job and doing no griping about it. I know his parents are proud of him.

"With kind personal regards, I am

Cordially yours,

Charlie."

ing was made by Merrill Grim and Ed Pack seconded it. However, it went down to a 5-2 defeat with Thayer Lyons, Kel Young, Dean Chamberlin, Frank Klein and Chairman Jack Healey opposing it.

The motion by Lyons to approve the plans with the condition that an additional 12 spaces be provided in the Plaza's parking lot was approved by a 4-3 vote with Klein, Grim and Healey opposing and Lyons, Young, Pack and Chamberlin favoring it.

In another action affecting property in the same general area, the commission approved a three-plot subdivision for Pursley, which is planned for multiple-residential use.

One of the conditions recommended by Hogan was that a six-foot pedestrian easement be given from Manx to Hollis Ave. Hogan explained that originally a street had been planned for that location.

Pursley accepted the condition but suggested that the walkway should not cut across a lot but on the line. The commission directed Hogan to work out the location of the sidewalk later.

In other actions, the commission approved plans for the Odd Fellows Lodge building at 276 E. Campbell. The building had originally been approved last September.

The commission also granted Mrs. M. M. Atkinson a six-month extension for building a 15-unit apartment complex at 240 Rose Ct. This was the second extension that has been granted.

The application of Ira Kirkorian for a use permit to allow dancing in conjunction with Fedor's Restaurant at 1700 W. Campbell Ave. was also approved by the commission.

The final item on the commission's agenda was an informal discussion over a proposed street pattern between Hacienda and Steinway and Peggy and San Tomas Rd.

Hogan explained that the proposed plan for a cul-de-sac had been developed by the city staff to allow for the development of two lots that are now served by a 30-foot right-of-way running north from Steinway.

However, Leonard Pritchard, local developer and former city official, and who owns property in the immediate area that would be served by the cul-de-sac, objected to the proposal.

Pritchard claimed that present use of the 30-foot right-of-way was not objectionable and that many people preferred it to a busy street.

basis.

The construction of the shop building estimated at $89,500 for which bids may be authorized has been contemplated for more than a year. How much of it that can be done now will depend on the city's fiscal position.

It was decided to call for bids on the entire shop building and possibly modify the contract to fit the city's pocketbook.

The proposed shop building will be 144-feet by 45-feet along the creek. It will be of cement block construction and will have added features, such as a "mansard roof" to improve its appearance.

The final phase of the corporation yard program will be the extension of the shop building another 150-feet for storage areas.

Actually the proposed shop building is the second phase of the improvement at the yard. The present 60-feet by 18-feet utility building was completed last year. This building will also be "dressed up" under the new contract.

FOR THE BLIND--Two sets of books in braille were recently presented to the Campbell library and the local center for the blind at a City Council meeting, by the Christian Record Braille Foundation, Inc.

The eight-book set mainly is for sighted children of blind parents. The books contain children's stories, Bible tales, poetry and nature material. One page is printed and contains pictures, while the opposite is written in braille.

In the picture, left to right, Mayor Ed Rogers; Mrs. Beverly Booth, Campbell librarian; Mrs. Laura Riehl, of the blind center and E. Clyde Robson, of the local chapter of the Braille Foundation, Inc.

Eastfield asks to move house from San Jose

Awarding a contract for one city project (Winchester Blvd.) and authorizing the calling of bids for another (corporation yard) will feature the City Council meeting next Monday night, May 22 (see separate story).

At Monday's meeting, the City Council will also be asked to approve a request submitted by letter from Karl Marshall, director of Eastfield Home in Campbell, to move a building from San Jose onto the Eastfield property on Llewlyn.

The 14-year old building, Marshall has explained, is needed for classroom expansion.

Recently the City Council modified the ordinance prohibiting the moving of buildings from outside into the city limits to allow buildings in good condition but not more than 10 years old to come into town.

City officials point out that to allow the Eastfield request, the ordinance would have to be modified again.

At the council meeting next Monday, City Manager Bob Stephens is also expected to recommend the appointment of Miss Jean Gomes, of a pioneer Campbell family, as this area's representative on the county library commission.

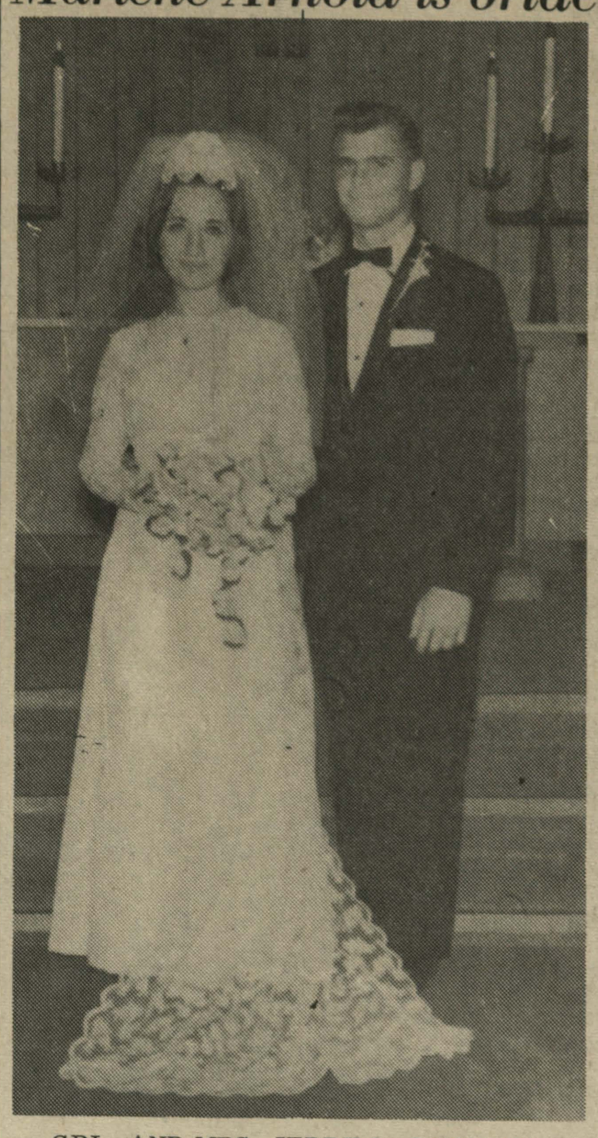
Marlene Arnold is bride



CPL. AND MRS. JERRY L. SUMMERS

Now making their home in San Diego are Corporal and Mrs. Jerry L. Summers who were married recently at the First Methodist Church of Campbell. Rev. William H. Gould officiated at the afternoon ceremony.

The bride is the former Ilda Marlene Arnold, daughter of Mr. and Mrs. Floyd L. Arnold of 771 Monica Ln., Campbell. Jerry is the son of Mr. and Mrs. Max M. Summers of 1066 Princess Ann Dr. San Jose.

The bride was lovely in an elegant gown of peau de lin and Chantilly lace. The slim empire gown featured a high neckline and traditional long sleeves. The bodice was a mock jacket of Chantilly lace. A detachable lace train fell from the shoulders into a slight chapel sweep. Her illusion veil was held by a lace spray and she carried a bridal bouquet of white roses.

Bridal attendants were Mrs. Philip Arnold, matron of honor, and Mrs. Michael Arnold of Campbell, Mrs. William Laughlin of Stockton, sister of the bridegroom, and Miss Pamela Guite of Los Angeles were the bridesmaids.

Their floor length gowns were aqua blue crepe accented with white lace bodice trim and sleeves. Each attendant carried bouquets of white daisies with aqua streamers.

Earl Summers of San Jose was his brother's best man. Ushering duties were performed by Philip and Michael Arnold, brothers of the bride.

A reception for friends followed at the Fellowship Hall of the church. Out of town guest included the bride's sister, Mrs. Russel York, and daughter, Penny, of Pendleton, Oregon.

A beautiful three tiered wedding cake was the center of the bride's table. Marlene is a graduate of Campbell High School and San Jose College of Dental and Medical Assistants. Corporal Summers, who has just returned from a 13 months tour of duty in Viet Nam with the Marine Corps, is a Del Mar High graduate. They will make their home in San Diego until his enlistment period is over.

FOREST HILLS

Forest Hills School, 4450 McCoy Ave. will hold their Spring carnival on Saturday, May 20 from 12 noon to 4 p.m. This year it will have an "international theme" featuring a white elephant booth; Conchitas cake walk, Pariesienne make-up booth, Hawaiian Hatti's coconut hut pineapple throw, Turkish Tootsie toss, Gypsy wheel of fortune and All-American baseball toss.

The refreshment booth will be selling all types of soft drinks and hot dogs. All proceeds go to the purchase of classroom teaching aids. The publis is invited to this fun-filled event on Saturday, May 20.

SAN TOMAS

The San Tomas School library was transformed into a small banquet hall when the PTA served its annual Teachers Luncheon. May baskets filled with fresh flowers served as a colorful centerpiece for each table and a menu of ham, chicken, salads, rolls, coffee and dessert was served by members of the PTA to its honored guests; Principal Richard Leyva, the faculty and staff members of the school.

The luncheon is held every spring for the school staff in appreciation for all their assistance and hard work throughout the year.

Mrs. Betty Christensen was in charge of preparing and serving the luncheon and was assisted by Mrs. Al Napier, PTA president, and Mrs. Richard Harmon, Mrs. Alden Peterson, Mrs. Tom Glage, Mrs. Robert Lemmerman and Mrs. William McCreery.

MORELAND

PTA presidents of the Moreland School District have voted to support the Moreland School District tax rate and urge a yes vote to insure quality basic education. They urge everyone to vote on May 23.

Cheryl Daves says vows

MRS. MAURICE LEE HARTLEY

Cheryl Elaine Daves and Maurice Lee Hartley exchanged marriage vows recently at the First Methodist Church of Campbell. Cheryl is the daughter of Mrs. Hector Daves of 175 N. Second St., Campbell. Her bridegroom is the son of Max Hartley of Ukiah and Mrs. M. Baker of San Gabriel, Calif.

For her wedding day, Cheryl was attired in a gown of silk organza over peau de soie, designed by her mother. Pearls and crystals trimmed the Chantilly lace appliques on the neckline, hem and long full train. Her headpiece was a cluster of organza roses trimmed with pearls from which fell an elbow length veil. Her bouquet was a cascade of gladioli, stephanotis and ivy. The lovely bride was given in marriage by her grandfather, Fred F. Fellman of Campbell.

Mrs. Don Mills of Campbell was matron of honor. She was attired in a gown of shocking pink and carried a bouquet of shocking pink carnations bordered with green leaves. Bridesmaids were Lynn Ressonica of Santa Clara, Mrs. Michael Duval of Campbell, and Lynette Fellman of San Jose. They wore matching gowns of lighter pink and carried pink carnations.

Little Mary Anne Perusina of San Jose was the flower girl. She made a pretty picture in her dainty pink chiffon gown. Mark and Danford Perusina were the candlelighters. Tom Miller of San Gabriel stood with his friend as best man. Ushers were Edward and Donald Daves, the bride's brothers, and Peter Swan of Campbell.

A wedding reception for over 100 guests was held in the Fellowship Hall, where a beautiful four tiered wedding cake was served. Sandra Kemp of Campbell was in charge of the guest book.

Cheryl is a graduate of Campbell High School and San Jose State College where she majored in business administration. She has been employed as a secretary for the County of Santa Clara.

Maurice is a graduate of Montebello High School and Los Angeles State College. Following their honeymoon to Lake Tahoe the couple are making their home in Ukiah where the bridegroom is assistant manager of Ace Aerial Service.

Grange enjoys guest night

In a hall bursting at the seams with Grangers, Orchard City Grange celebrated its annual Guest Officers Night recently. Lecturer Rudin presented a program of "Sing Along" and members Ida Darneal and Pat Schunneman read inspirational poems for Mother's Day.

Lovely gift's of boxed candy were presented to the oldest mother present, Sister Emery of Orchard City Grange, and youngest mother, Mary Schlegel of Berryessa, and mother with the most children, Helen Bohn of Orchard City. Sarah Blue headed the refreshment committee, who served a pot-luck supper.

The next meeting on May 30 will be a memorial program. The monthly breakfast will be held May 28 at Orchard City Grange Hall. The public is invited.

John Decker in concert

John Richard Decker, baritone, accompanied by Katherine Pike Skedden is presented in concert by the First Church of Religious Science. The concert, to benefit the Church's new building fund, will be held at the Church, 945 Willow St., next Sunday evening, May 21, at 7:30 p.m.

John Decker has sung leading roles with local opera and light opera companies. He has performed with the American Opera Company in Los Angeles and appeared in Broadway musicals. He accompanied Ray Bolger in a coast-to-coast tour in "Where's Charlie?".

Tickets are available at the Church and at Henderson's Baldwin Piano Store at 18480 Prospect Road.

Younger set to present fashion show

"De La Fleur" will be the theme for the spring fashion show to be presented by St. Lucy's Teen Club at 8 p.m. Thursday and Friday nights, May 18 and 19 at the Parish Hall. Entertainment will be presented by the College Park Majority.

Fashions will be provided by a number of San Jose shops. The models will be Misses Dawn Engstrom, Linda Engstrom, Judy Borns, Paulette Bua, Mary Esther Garcia, Karen Hansen, Paula Hurley, Judy Tuttle, Beth Wilderman, and Mesdames Lawrence Cabral, Fred Meyer, David Scheid. The commentator will be Miss Cheryl Boudreault. The $2 price of admission includes refreshments and prizes. Contact Mrs. Don Engstrom, 378-5866 for ticket reservations.

Retired CUSD employee dies after accident

Funeral services will be held Thursday, May 18 at 11 a.m. at Oak Hill Mortuary for Carrie Leland Harris, 70, who died Sunday after being struck by an auto as he crossed Winchester Ave. near his David Ave. home.

Harris, a retired employee of the Campbell Union (Elementary) School District, died at the Campbell Community Hospital after being struck by a car driven by Stephen Earl Casperson, 26, of 117 Gilman Ave., Apt. 7.

Casperson was not held by the investigating officers who reported that he was traveling at the posted speed limit. Harris was crossing Winchester about 25 feet south of the marked crosswalk at the time of the accident.

A native, of Iowa, Harris had been employed for a number of years before his 1960 retirement in the capacity of a bus driver and maintenance man by the school district. He is survived by two sons, L. Eldon of Fullerton, and Paul of San Jose and five grandchildren.

Alfred Kardos returns from winter training

SFC Alfred E. Kardos, Jr., 30, of 818 Virginia Ave., has returned from a two week winter training course at Fort Greely, Alaska, as a member of the US Army Reserves. He learned military skiing and cross country techniques at the Army's cold weather school located about 100 miles southeast of Fairbanks, Alaska.

Sgt. Kardos is assigned to the 229th Military Intelligence Detachment at Sunnyvale. He attended the course with other volunteer officers and men from various units of the famed U.S. Army Reserve "Green Beret" organization. Kardos is an employee of Sylvania Electronics System, Mountain View. His wife, Betty and two children reside at the family home in Campbell.

Girl Scouts

TROOP 252

Brownie Troop 252, Hazelwood School, presented a pantomime of the Brownie Story at the Neighborhood meeting of adult leaders recently. Fifteen girls participated in this entertaining event. The story of this "special Brownie magic" holds the interest of everyone--young and old.

The troop is led by three very capable women, Mrs. Robert Ross, Mrs. Bruno Bicocca and Mrs. Richard Pigg.

TROOP 791

Another busy Brownie Troop at Hazelwood, Troop 791, held a "mock camp-out" at the home of one of their leaders, Mrs. Albert Faris. The thirteen girls cooked their dinner out of doors, sang songs, played games and told ghost stories just like experienced campers. However, there was one change. Scouts are not permitted over-night camping until the Junior level, therefore, the Faris living room was "wall to wall Brownies". Junior Scout, Carla Mesquita aided Mrs. Faris in the absence of their other leader Mrs. Will Miller, who has been ill.

TROOP 1034

Brownie Troop 1034, Capri School is working on a "Litter-bug Campaign". The troop members made a huge collage poster with litter picked up from the playground. With full cooperation from Mark Jennings, principal of Capri, the poster was hung in the hallway, through which all students must pass every lunch period of every day. It's a good reminder for everyone to keep our school, community and America beautiful! Troop leaders are Mrs. Robert Webb and Mrs. Richard Warren.

Campbell debate team places fifth at UCSB

Campbell High School's speech and debate team placed fifth among 155 schools which competed recently in the California State Speech and Debate Tournament held in Santa Barbara.

Walt Ritter, senior, took fourth place in all competition in Extemporaneous Speaking, according to Mrs. Gail Long, speech teacher and team coach.

Other members of the team in the contest, sponsored by the California High Schools Speech Association, were Terry Brink, debate; Betty Fuller, original oratory; Leger Grindon, debate and impromptu; and Monty Hart, debate and original oratory.

New Books at the CAMPBELL LIBRARY

THE GENTLEMAN FROM CALIFORNIA, a novel by NIVEN BUSCH

This is a full-bodied tale of state and national politics, following the career of a leader that progresses from poor-boy ranch to the very portals of the White House. Crowded with a huge cast, it covers the period from 1924 to the Presidential campaign of 1972 and provides a scorching review of certain recent political practices and a scary peek into our possible political future.

FOR THE LOVE OF MIKE, by Jo Wasson Hoyt

The dramatic story of an American consul and his family whose experiences overseas, sometimes terrifying, often amusing, are told with warmth and candidness by his wife. It took the Hoyts' experience to bring attention to the dangers to which our diplomats are sometimes exposed.

MEXICO ON FIVE DOLLARS A DAY, by John Wilcox

A revised edition of the nation's best-selling guide to Mexico, exploring the cheapest methods of getting to Mexico, the least inexpensive way to live comfortably in Mexico and the non-tourist approach to the real Mexico.

CONDITION CRITICAL - OUR HOSPITAL CRISIS by Edwyn P. Hoyt.

Condition Critical is the full and shocking story of the whole nation's dilemma, based on information gathered by the author from confidential questionaires sent out to more than 300 hospitals and on his own research. Hoyt concludes on a grimly optimistic note: Things can't get worse. There is no way to go but up.

NARCOTIS - AN AMERICAN PLAN by Saul Jeffee

Clinics instead of prisons, treatment instead of punishment, free narcotics administered under Federal controls - these are some of the daring new concepts this book sets forth to stop addict burglaries, muggings and killings now threatening virtually every community in the United States.

Moose Lodge forms here

The Loyal Order of Moose is forming a lodge in Campbell.

A series of weekly "get acquainted" meetings are being held at the American Legion Hall, 1344 Dell Ave., Campbell each Monday at 8 p.m.

Membership Director E. R. Thompson announced that sound color films about the Moose and its activities will be shown by Special Representative Ken James, and he urged Moose members in the area to bring their friends to the meetings.

The Moose, founded in 1888 is a family fraternity which draws its membership from all walks of life, but its strongest appeal is for the working man with a modest income. It provides fellowship and a chance to participate in community service, but its greatest appeal is the existence of Mooseheart, which cares for a member's children should he die, and Moosehaven, which provides him a home in his senior years.

Local Membership Chairman, Ronald Parker announced at the last meeting that "we have more than half of the necessary members signed up with their fees paid".

Sunnyvale lodge #2049 is sponsoring the new Campbell Lodge and will provide a degree team and escorts at the Institution Ceremony which has been set for June 3.

For information call Ron Parker, 264-3000 or Everett Thompson 258-6725.

Mayor keeps busy with proclamations

In recent weeks Mayor Edward J. Rogers has issued three proclamations emphasizing certain important aspects of community living.

The week of May 7-13 was set aside as "Goodwill Week" to call attention to the need for greater good will toward handicapped people.

At the same time it emphasized the important work Goodwill Industries is doing as a means of helping handicapped people to help themselves.

In another proclamation, the same week, May 7-13, was designated as "Clean-Up and Beautify Week" as extra effort days for the prevention of unsightly litter, and citizens were called to exert an extra effort to keep the City of Campbell free from litter during this period and throughout the years to come.

The proclamation also mentioned that the governor, at the request of the California Anti-Litter League, had designated May as official "anti-litter month."

The third proclamation designated June, 1967, as "Youth Opportunity Month."

The entire proclamation follows:

PROCLAMATION

WHEREAS, the President of the United States has again called upon all Federal, State and local Governmental agencies and departments and all private employers throughout the nation to cooperate in providing summer employment opportunities for millions of young Americans leaving school in June, and

WHEREAS, last summer, the City of Campbell was able to provide youths 16 through 21 with jobs over and above those generally provided during the summer, and

WHEREAS, this month in the City of Campbell many young men and women from 16 to 21 will be seeking summer work, and

WHEREAS, our youth constitute our future and represent our greatest resource, and

WHEREAS, summer work experience is needed to provide these youths with training in job discipline, future careers and earnings to make possible a return to school in the fall,

THEREFORE, I Edward J. Rogers, Mayor of the City of Campbell, do hereby declare and proclaim the month of June, 1967, YOUTH OPPORTUNITY MONTH, and encourage all citizens to join with me in developing extra work and training opportunity this summer for these young Americans who represent our city's future citizens and leaders.

Dated this 26th day of April, 1967.

Edward J. Rogers, Mayor
City of Campbell, Campbell, California

CONTRIBUTING--Miss Charlene Barbano, treasurer of the City of Campbell Municipal Employees' Association, presents Karl Marshall, director of the Eastfield Home in Campbell, a block of tickets. The tickets plus spending money will be used by the children at Eastfield at the carnival at Kirkwood Plaza sponsored by the Campbell Jaycees this weekend. One group of children will attend the carnival on Friday and another on Saturday.

CALLING ATTENTION --Postmaster Jim Hurley (left) points out to Mayor Ed Rogers the theme of the month for the post office department. Monday, May 22, has been designated National Maritime Day to focus attention on the importance of the Merchant Marine.

All 24 vehicles of the Campbell post office "fleet" will carry placards of the type pictured above calling attention to the importance of the United States Merchant Marine.

Mormon church sponsors festival

Nearly 2,000 teenagers, members of the Church of Latter Day Saints (Mormon) from all over Northern California and Nevada gathered at Spartan Stadium on Saturday, May 13, for a dance festival.

Need for larger facilities to hold more than the 20,000 spectators, many of whom traveled hundreds of miles to enjoy the colorful, free show, made it expedient to accept the San Jose invitation with more space. The show was previously held in Stockton at the College of Pacific and the college stadium in Santa Rosa. A grand ball for all participants was held Friday night.

Modern dance, folk dance, specialty numbers, were all included in 1967's "Rhythmscope in Time" dance festival. A number of West Valley area teenagers participated in the festival including Carol Gowen, John Hulme, Diane Hulme, Sherrold Elder, Rona McKinney, Bruce Gowen, Terry Ruberson, Steve Gardner, Don Cherry, Steve Cherry, Kristine Wardle, Kathy Hart, Stewart Goesch and Bruce Wardle.

ON CAPITOL HILL

with "Charlie" Gubser

The Committee on Armed Services, on which I serve, has completed an extensive investigation of Selective Service. A Presidential panel and another headed by General Mark Clark have also made recommendations. Based upon the information gathered from these sources, our Committee will now undertake the writing of a new draft law. So in this week's issue of ON CAPITOL HILL I shall speculate regarding what kind of a law we will write.

The evidence is clear that calling men at age 19 instead of waiting till they reach their early 20's is more fair to the draftee and produces a more effective military force. So a provision to call 19 year olds first will certainly be included.
will certainly be included.

It is a good bet that student deferments will continue provided those accepting such deferment are obligated to enter the service as soon as they receive their baccalaureate degree. Graduate deferments will probably be limited to medical and dental students because they are more valuable to the Armed Services at age 24-25 than at age 19.

Some occupational and hardship deferments will be continued. But the committee will try to write uniform guidelines for local draft boards to apply in such cases. If we are successful we will no longer hear the frequent complaint that different draft boards apply different standards.

The question of how men are selected from the pool of those available and qualified for service has been misunderstood. As a result Senator Edward Kennedy has proposed a lottery and the Johnson Administration has lukewarmly defended its lottery proposal called FAIR (Fair and Impartial Random selection).

Complaints about bias and unfair selection have not been due to the process of selection. Instead they have been due to the rules regarding deferment. The new system soon to be enacted into law must still be a selective service system which means that men will also be selected out of the pool available for service. Educational, hardship, dependency, physical, and other deferments, the source of most complaints, will continue. A lottery system will not correct any present defect in the means of determining deferment.

At present men who are in the available pool are chosen by an impartial and random system based upon birthdates. The lottery system would introduce no new element of fairness, but would introduce a new degree of uncertainty, a fault for which the present system is severely criticized.

Compulsory military service will never be pleasing to Americans. But after spending many hours in the Armed Services Committee hearing room, I can assure readers of ON CAPITOL HILL that what evolves from our committee will be the result of deliberate and thorough study. It will not create the illusion of fairness in an attempt to pacify our natural human revulsion to compulsory service. The law will be as fair as fair-minded men can possibly make it.

1 YEAR AGO

The final Public Utility Commission hearing pertaining to the case of the City of San Jose Water Works in regards to fluoridation of the water system will be held on Wednesday of this week.

Mrs. Edmund G. Brown will stop in Campbell next Wednesday morning at approximately 11:15 a.m. as part of her inspection tour of the State's beautification program.

Campbell's sales tax income soared to a record high in 1965 with $335,397 being allocated to the city based on taxable retail sales within the city limits, according to the State Board of Equalization. It exceeded the 1964 income by more than $30,000.

5 YEARS AGO

Through their spokesman, Bill Harrison, the property owners of S. First St., asked the City to "GET OUT" of their temporary corporation yard. The City had made arrangements to use part of the Campbell Water Company corporation yard located just off of S. First St. Since the City has sold their existing corporation yard on Hamilton Ave. to Breuner's, the city equipment has moved into several temporary quarters.

The Campbell Union School District School Board of Trustees Tuesday voted to give the teachers an additional $200, and $140 to the classified personnel by a 3-2 vote.

The State Allocation Board is presently taking under consideration the allotment of funds for the replacement of Campbell Grammar School, located at the corner of Campbell Ave. and Winchester Rd. The school was originally constructed in 1822.

10 YEARS AGO

Support for the appointment of Arthur Glen Knowles as Campbell postmaster gained ground this week with the announcement by Postmaster Ira Grim, who retires this month, that he favors Knowles as his successor.

Campbell's new post office will be located at N. First St. and E. Campbell Ave. on property formerly occupied by the Methodist Church.

Neal Royer, assistant superintendent of the Campbell Elementary School District, has accepted the general chairmanship of the 65th Old Settler's Day celebration in Campbell May 17, 18 and 19.

15 YEARS AGO

Stressing "Honesty, Efficiency, and Economy in the county government", Albert B. Smith, candidate for Supervisor in the Fifth District, announced his platform this week.

After July 1, Campbell's Fire District, operated on a volunteer basis, will no longer exist, and it will be up to the city to provide its own fire service or contract for service with the County Central Fire District.

The British Travel Association double-decker busses that passed through San Jose yesterday on the way to San Francisco, part of a promotional scheme to interest American travelers originated from a 1940 graduate of Campbell Union High School, Donald Neil Martin.

Questions and Answers

Q. - If I receive home health visits under hospital insurance, do I have to pay the home health agency for any part of the bill?
A. - No. Hospital insurance will pay for up to 100 visits in the 365 days after discharge from a hospital or extended care facility. These visits are in addition to the 100 visits a person can have each calendar year under the medical insurance part of medicare.
Q. - What is a "spell of illness"?
A. - A spell of illness is a period of time that begins when you are first hospitalized and ends when you have been out of a hospital or extended care facility for 60 consecutive days.
Q. - Who is considered disabled?
A. - A person is considered disabled is he has a mental or physical condifion which prevents him from doing any substantial gainful work, and the condition is expected to last (or has lasted) for at least 12 months, or is expected to result in death.
Q. - I elected to receive reduced old-age benefits at age 62. I am now 64 years of age and my doctor tells me I am disabled. Can I receive disability benefits?
A. - It is now possible to switch over to disability benefits even if you started receiving another kind of social security benefits based on your own or someone else's work.

You would still have to meet the disability work requirement and be found disabled before age 65. You would want to change only if the disability benefit were larger than the other one; you could not receive both.

Retirement club moves offices

The Retired Manpower Club of the West Valley, which has served a number of retired men in this area looking for part time work, has moved its office to new quarters in the Los Gatos Museum building on Main and Tait street in Los Gatos.

The club will be open for business from 9 a.m. to 4:30 p.m. weekdays beginning Thursday, May 25, with a change in name and a change in its work force to permit women to enroll.

Because of a conflict in name with a national employment agency, the club has changed its title to "Retirement Jobs Club" according to Clair Churchman, club founder. The new phone number is 354-2626.

The club is also opening its doors to women wishing to work. Since its founding more than three years ago, the club has assisted men 62 and over to find employment. Now the same service will be offered to women of 60.

ORDINANCE NO. 594

BEING AN ORDINANCE OF CITY OF CAMPBELL ADDING SECTION 9116.5 TO CHAPTER 1, PART 1 OF ARTICLE IX OF THE CAMPBELL MUNICIPAL CODE, ENTITLED PLANNING AND ZONING AND PROVIDING FOR REPORTS ON SOIL CONDITIONS IN PROPOSED SUBDIVISIONS

The City Council of City of Campbell does ordain as follows:

SECTION ONE: That Section 9116.5 be added to Chapter 1, Part 1 of Article IX of the Campbell Municipal Code entitled Planning and Zoning to read as follows:

Section 9116.5 SOIL REPORT

a. Before approval of any subdivision of five or more lots, a preliminary soil report prepared by a Civil Engineer registered with the State of California based upon adequate test borings or excavations shall be made.

b. The preliminary soil report may be waived if the City Building Official determines that, due to the knowledge such department has as to the qualities of the soil of the subdivision, no preliminary analysis is necessary.

c. If the preliminary soil report indicates the presence of critically expansive soils or other soil problems which, if not corrected, would lead to structural defects, a soil investigation of each lot in the subdivision shall be prepared by a Civil Engineer who is registered by the State. The report shall recommend corrective action which is likely to prevent structural damage to each dwelling proposed to be constructed on each lot in the subdivision.

d. The report shall be filed with the City Building Official who shall approve the soil investigation if he determines that the recommended corrective action is likely to prevent structural damage to each dwelling to be constructed on each lot in the subdivision. As a condition to the Building Permit, the approved recommended action shall be incorporated in the construction of each dwelling.

EXHIBIT A

AMENDMENT TO CONTRACT BETWEEN THE BOARD OF ADMINISTRATION STATE EMPLOYEES' RETIREMENT SYSTEM AND THE CITY COUNCIL OF THE CITY OF CAMPBELL

The Board of Administration, State Employees' Retirement System, hereinafter referred to as Board, and the CITY COUNCIL of the CITY OF CAMPBELL, hereinafter referred to as Public Agency having entered into a contract under date of December 11, 1961, effective December 1, 1962, which provides for participation of Public Agency in said System, Board and Public Agency hereby agree as follows:

A. Paragraphs 1 through 9 are hereby stricken from said contract as executed effective February 1, 1962, and are hereby replaced by the following paragraphs number 1 through 13 inclusive:

1. All words and terms used herein which are defined in the State Employees' Retirement Law shall have the meaning as defined therein unless otherwise specifically provided. "Normal Retirement age" shall mean age 60 for miscellaneous members and age 60 for local safety members.
2. Public Agency shall participate in the State Employees' Retirement System from and after February 1, 1962, making its employees as hereinafter provided, members of said System subject to all provisions of the State Employees' Retirement Law except such as apply only on election of a contracting agency and are not provided for herein and to all amendments to said Law hereafter enacted except such as by express provision thereof apply only on the election of contracting agencies.
3. Employees of Public Agency in the following classes shall become members of said Retirement System except such in each such class as are excluded by law or this agreement:
   (a) Local firemen (herein referred to as local safety members).
   (b) Local policemen (herein referred to as local safety members).
   (c) Employees other than local safety members (herein referred to as miscellaneous members).

   The following employees shall be excluded from membership in said Retirement System:

EXCLUDE PERSONS COMPENSATED ON AN HOURLY BASIS

4. Assets heretofore accumulated with respect to firemen and policemen in the Retirement Plan established through contract dated April 1, 1959, between said Public Agency and Pacific Mutual Life Insurance Company shall be transferred to the State Employees' Retirement System within one year after the effective date of this contract and applied against the liability for prior service incurred hereunder.

   Assets heretofore accumulated with respect to miscellaneous members in the local system administered by Pacific Mutual Life Insurance Company shall be transferred to the State Employees' Retirement System within four months after the effective date of the amendment transferring said miscellaneous members and applied against the liability for prior service incurred thereunder.
5. The fraction of final compensation to be provided for each year of credited service as a miscellaneous member upon retirement at normal retirement age shall be 1/60 and shall be applied as provided in Section 21251.1 of said Retirement Law and reduced to to 1/90 for members covered under Federal Social Security in accordance with Section 21251.14 of said Retirement Law provided, however, that said reduced fraction shall apply with respect to all current service of such members whether or not the service is included in Federal Social Security.
6. The fraction of final compensation to be provided for each year of credited service as a local safety member shall be determined in accordance with Section 21252.5 with a temporary annuity to age 65.
7. Benefits on account of prior service shall be 100% of the fraction of final compensation specified for miscellaneous members in Paragraph 5 above, but computed in accordance with Section 21253 of said Retirement Law, and for local safety members shall be 100% of the fraction established in accordance with Paragraph 6; provided however, as to miscellaneous members that said fraction shall be reduced by one-third for application to the first $400.00 per month of final compensation of any member whose position is covered by Federal Social Security for all prior service of such member, whether or not the service is included in Federal Social Security.
8. The retirement benefits payable upon retirement for ordinary disability shall not be affected by the modification provided in Paragraph 5 of this contract except that for the purposes of the limit of any such allowance imposed under Section 21297, Government Code, allowances for retirement for service shall be computed according to the modified formula set out in Paragraph 5 of the contract. All other provisions of this contract shall be fully applicable to the computation of allowances upon retirement for disability.
9. Contributions for miscellaneous members shall be subject to Section 20601.5 of said Retirement Law, said section providing for a reduction in rates of contribution as such rates relate to the first $400.00 of monthly compensation and 100% of such rates as they apply to the remainder of the monthly compensation. Members whose positions are excluded from Social Security coverage shall contribute in accordance with Section 20601 of said Retirement Law. Safety members shall contribute in accordance with Section 20607.51 of said Retirement Law.
10. The following additional provisions of the State Employees' Retirement Law which apply only upon election of a contracting agency shall apply to the Public Agency and its employees:
    a. Section 20024.01 (defining "final compensation" on the basis of a period of three consecutive years).
    b. Section 21258(b) (providing a minimum retirement allowance of $720.00 per year under certain conditions).
    c. Section 21367.51 (providing a $400.00 death benefit upon death after retirement).
    d. Section 20025 (providing for inclusion of compensation without limit in computations where compensation is a factor).
    e. Section 21365.5 (providing a monthly allowance in lieu of the basic death benefit for certain survivors of a member who dies in employment after qualifying for voluntary service retirement).
11. Public Agency shall contribute to said Retirement System as follows:
    a. With respect to miscellaneous members, the city shall contribute the following percentages of monthly salaries earned as miscellaneous members of said System:
       (1) 3.682 percent until 1/31-82 on account of the liability for prior service benefits less 0.260 percent of the total salaries paid to members for each $10,000 of assets transferred to the State Employees' Retirement System.
       (2) 4.653 percent on account of the liability for current service benefits.
    b. With respect to local safety members, the city shall contribute the following percentages of monthly salaries earned as local safety members of said System:
       (1) 0.269 percent until 1/31-82 on account of the liability for prior service benefits.
       (2) 6.585 percent on account of the liability for current service benefits.
    c. A reasonable amount per annum, as fixed by Board to cover the costs of administering said System as it affects the employees of Public Agency, not including the costs of special valuations or the periodical investigation and valuation required by law, provided that said amount shall be determined on the basis of the number of employees of Public Agency who are reported as members on a payroll to be designated by the System covering one month of each year, or with respect to the first year of participation, on the effective date of said participation.
    d. A reasonable amount as fixed by the Board, payable in one installment as the occasions arise, to cover costs of special valuations on account of employees of public agency, and costs of the periodical investigation and valuation required by law.
12. Contributions required of Public Agency and its employees shall subject to adjustment by Board on account of amendments to the State Employees' Retirement Law, and on account of the experience under the Retirement System as determined by the periodical investigation and valuation required by said Retirement Law.
13. Contributions required of Public Agency and its employees shall be paid by Public Agency to the Retirement System within thirty days after the end of the period to which said contributions refer. If more or less than the correct amount of contributions is paid for any period, proper adjustment shall be made in connection with subsequent remittances, or adjustments on account of errors in contributions required of any employee may be made by direct cash payments between the employee and Board. Payments by Public Agency to Board may be made in the form of warrants, bank checks, bank drafts, certified checks, money orders, or cash.

B. This amendment shall be attached to said contract and shall be effective June 7th, 1967.

Witness our hands this 8th day of May, 1967.

Ralley May 20

The Fremont Touring Club's Excursion I, a Northern California Sports Car Council sanctioned variety rally (i.e non time and distance) will feature two starts for the convenience of contestants on Saturday, May 20.

San Jose area entrants can enter at the Valley Fair Shopping Center, Stevens Creek Blvd. near the Freeway, from 6:30 to 8 p.m. East Bay rallyests will find a start at the Fremont Hub Center, Mowry Ave. from 6:30 to 8 p.m.

According to rallymaster Chuck Durham, the rally will be about 35 miles, or 2 1/2 hours long with a finish at Me n' Ed's Pizza in Fremont. Awards will be based upon the cars entered, with one trophy for every eight in each class.

Excursion I will have both Novice and Expert classes. Entry fee is $2.50 per car. An unusual participant plaque will be presented to each car entered. Special race films will be shown at the finish while scoring is being completed.

Fremont Touring Club was organized almost a dozen years ago, and has been an NCSCC member since then. The rally May 20 will comply with the recently adopted Sanctioned Variety Code of the Sports Car Council, assuring contestants of a fair, safe and high quality event. First timers and beginners will be welcome on Excursion I. (For information call Durham at 657-3740.

College board begins study of proposed $5,759,705 budget

West Valley College Board of Trustees members began wrestling last week with a 70-page budget for the 1967-68 school year, with a tentative figure of $5,759,705, exclusive of amounts in the special reserve fund proposed to be expended for captial construction and equipment during the 1967-68 fiscal year.

The three-hour work session, at which no decisions were made, also considered a five per cent across-the-board increase for faculty and classified employees. However the board took under advisement a proposed revision of top administrative salaries for further study.

Board members asked for further information in four areas, and set aside time at each of the three next regular board meetings for further study of the preliminary budget, before arriving at tentative schedules to be presented for comment to the County Superintendent of Schools.

The Board asked for information on new programs planned for the upcoming year, salary information, supplies and equipment purchases of a major nature, and plans for the building program as they relate to the budget proposal.

Under the time schedule announced by James Hardy, assistant superintendent and dean of business services, the preliminary budget should be ready to send to the County Superintendent by July 1. His comments would then be added and the budget returned to the West Valley Board in early July, when the opportunity would be available to "modify, amend, change or delete" would be available to the board members.

The budget must then go back to the County Superintendent by July 20, and then be published once in a newspaper of general circulation in the district.

Once this is done, the so-called "Publication Budget" goes back to the West Valley Board, which sets a public hearing at its first meeting in August, and then adopts the final budget.

It then goes to the County Board of Supervisors which finalizes the assessment rolls and establishes the tax rates for the district, sometime prior to September 1.

Hardy explained that the West Valley board can "make changes until the adoption of the final budget during the first week of August.

He said that he had been working with the various division heads on the budget proposals for some time, with a tentative time-table set for early-in-May presentation of the preliminary budget to the West Valley board. In these discussions, he said departmental proposals had been trimmed by $280,000.

The proposed budget is $395,818 higher than the final adopted budget for the 1966-67 fiscal year, which amounted to $5,361,887.85, Hardy said.

TO LECTURE HERE--Noted actor Arthur O'Connell will give a short lecture at West Valley College Monday evening, May 22, in conjunction with a Festival of Arts Celebration at the college.

Festival of arts opens at WV College on Monday, May 22

First day of a schedule of week-long activities marking a Festival of the Arts at West Valley College, will be indicative of the variety of events planned by the Division of Humanities and Fine Arts and the Office of Community Services.

The Festival will open on Monday, May 22 with a performance at 12:30 p.m. of the college Madrigal Singers, under the direction of Kenneth Jewell. The Madrigal Singers are a group of selected voices specializing in unaccompanied singing of lighter selections from all periods.

That night, in the College Auditorium, noted actor Arthur O'Connell will present a short lecture on the theater. He will be presented with the West Valley College Award for Professional Excellence in the Theater in 1967, adding to his already distinguished record of two Academy Award nominations and a long list of top stage, television and screen credits.

He will also introduce the Tad Mosel play "Impromptu" which is entirely produced, directed and acted by West Valley College students.

The week-long program will serve to inform the public of the extent and scope of the Fine Arts program fast-developing at West Valley College.

For further information, call the Office of Community Services, 379-1733, Ext. 48.

West Valley College summer sessions begin June 20

Summer sessions for West Valley College will begin June 20 for a six-weeks course, and Permit to Register cards can now be secured in the Admissions and Records Office, Room A-26 at the college, according to Dr. Wallace W. Hall, college president.

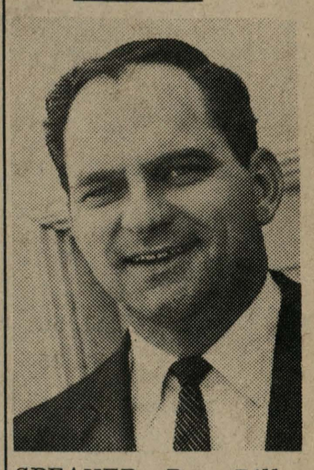
Registration will be held from 8:30 a.m. to 12:30 p.m. on June 19 for day classes and from 6:30 to 9:30 p.m. on the same date for extended day classes.

The Permit to Register card should be obtained as soon as possible, Dr. Hall emphasized, and students must have this card to register later," he said.

Students who are not legal residents of the West Valley College district must have on file a release from their district of residence, in order to attend West Valley College.

Also, students will be required to produce their Social Security card before receiving a Permit to Register.

At that time also, students must complete a Verification of Residence and Health cards.



SPEAKER--Dr. Billy M. Starnes, Methodist Missionary who has served in the Congo, will be the speaker at the First Methodist Church of Campbell morning worship services at 9.and 10:30 on Sunday, May 21. His subject will be "The Supreme Task of the Church."

Nearly three-fourth of the fatal falls in this country occur at ages 65 and more.

Students, faculty compete in Campbell High rally day

Campbell Crier

by DAVE TURNER

The mighty junior class humbled the proud seniors at last Friday's Rally Day competition as the class of '67 was nosed out in the final tally of points. The sophomores finished third, followed by the freshmen and, as usual, the faculty was left bringing up the rear.

In an assembly held yesterday, students heard the campaign speeches of the contestants who will be competing for four seats on the student council for next year's fall semester. The eight juniors running for these seats are Tim Baker, John Brydon, Don Carr, Don Fox, Dennis Marshall, Tim Sapp, W. Gregory Stewart, and Eric Washington. Presidential candidates Rocky Fagundes and Mason Sacks also presented their platforms. The elections are to be held this Friday, May 19.

On the same ballot, students will be voting for next year's cheerleaders. Five varsity cheerleaders will be selected from a field of eleven girls which includes Michelle Giamonna, Rosemary Greco, Nan Hefte, Shirley Hennessey, Alice Holtorf, Debbie Lowe, Leesa Nickeson, Janice Sabatini, Janie Wong, and Sue Young. Also to be elected are three Soph-Frosh cheerleaders. Vying for these positions are Kay Davis, Kathy Garlick, Brenda Hawthorne, Mary Nelson, Maureen Seltzer, and Theresa Wheeler.

All of the outstanding female athletes of Campbell will be honored tonight (Wednesday) at the annual Girls' Athletic Association Banquet. The dinner is to begin promptly at 6:30 p.m. in the high school cafeteria.

Looking ahead a bit, the 1967 Junior Prom is fast approaching. The formal affair will be held on May 26, in the cafeteria from 9 to midnight. No theme has as yet been announced.

SPORTS

Come-from-behind, one-run victories over Saratoga and Westmont kept the Buccaneer's varsity baseball team on top in the WVAL, with a 9 wins, 1 loss record. The Soph-Frosh nine lost to Westmont to drop their record to 2 and 4 for the league season. The tennis team had their Tuesday match with Saratoga cancelled due to a rain shower, but came back on Thursday to whip Westmont and run their second place record to 6 and 1.

The varsity baseball team and tennis squad travel to Del Mar tomorrow May 18, while the Soph-Frosh baseballers entertain the Dons on our field. This will be the final game of the season for the Soph-Frosh. The WVAL tennis and varsity baseball seasons are supposed to end next Tuesday, May 23, when the Leigh Longhorns try their luck on Buccaneer territory. However, early season rains have left the baseball team with a very important home game against Camden to make up and four tennis matches as yet unplayed.

THIS IS A PYRAMID?--Teams from each of the four classes last Friday vied in building human pyramids. The winners (seniors) scored on speed and stability.

PYRAMID BUILDING--Sturdy members of all four classes in Campbell High's rally day competed in the tough chore of going sky high via the pyramid method.

Westmont's top scholars numbering 350, are taking a day off from studies today to attend the annual California Scholarship Federation--Honor Society trip to San Francisco.

Members board buses after first period roll call, are given instructions as to where and when to meet the buses for the return trip home, are given tickets to their choice of a play or movie, then are turned loose for the rest of the day to shop, sightsee, take pictures and eat on their own.

This year's choices for the play and show are the play "Walking Happy", or the Academy Award winning movies "Grand Prix" and "A Man For All Seasons".

Tickets and money for dinner are paid for from C.S.F.--Honor Society funds, which are earned by operating the school snack bar. Any other profits made go toward scholarships at graduation.

C.S.F. members are students whose grades total ten or more points, based on three points for an "A" and one point for a "B". Honor Society obtains its membership from those students having a straight "B" average, no "C's", and two extra-curricular activities.

This is one of the biggest annual events at the school, and is looked forward to by all members as a reward for their scholastic effort.

The award-winning girls drill team, The Satin Dolls, held tryouts for next year's "dolls" recently. Girls chosen to dance to music from the band are: Barbara Bakken, sophomore; Kris Porter, sophomore; Stacy Campbell, sophomore; Anita Yegge, sophomore; Nancy Leone, freshman; Diana Vance, junior; Cathy Cardellino, sophomore; Shelia Morgan, junior; Kerry Feak, sophomore; Julie Tomlin, junior and head; Kelly Platt, sophomore and co-head; Sandy Ferney, junior; and Linda Clawson, junior.

On Friday, primary elections for Student Council and School Mascot will be held. Student Council seats are available to juniors only, while School Mascot is open to all classes.

Next week is Sweep Week again, with every class taking a day to keep the campus clean. Starting this time in ascending order of classes, each will try to out do the other in accumulating points for STOF day. Next Friday, May 26, is STOF day, and next week I'll bring you details of just what is going to happen on this hilarious day.

FACULTY RACERS(?)--Emerson West gets a ride from Virginia Sampson in the wheelbarrow race as the faculty compete against students at Campbell High's rally day last Friday. (Editor's note: the men and women teachers took turns pushing.)

HOLDING ON--Winston Miller pushed by Beverly Williams, a faculty entry in the wheelbarrow race, poise for the starting gun.

UNDER AND OVER --- This is a shot of the human hurdle event at the Campbell High Rally Day. The gals went under and over through a long line of boys at a fast crawl.
